Work Experience

Scaffold Carpenter

BrandSafway - Commerce City, CO

March 2021 to July 2023

My jobs and responsibilities were to get with the Forman and project manager and figure out a plan for the scaffold. After the plan is set and in place we would begin the erecting of the scaffold according to the plans. Other jobs included load/unload of material trucks and site cleanup.

Scaffold Carpenter

Gallegos Corporation - Englewood, CO

October 2018 to 2020

My job and responsibilities at this job were to get with the construction project manager and set up a plan for the scaffolding based off of the building and build the scaffold accordingly and as well as what other contractors might need. Other duties were site clean up, material stacking, and load and unload material trucks.

Commercial Mover

Heaven sent relocation - Denver, CO

August 2018 to August 2018

My job and responsibilities were to make sure the items that were being moved were properly handled and put in the designated place. As well as unload and load the box trucks

Valet/quick lane mechanic

O'Meara Ford - Northglenn, CO

June 2017 to August 2018

As a valet my job and duties were to greet each customer that pulled into the service lane garage and direct them to a service writer accordingly to what the car needs.
As a quick lane mechanic my jobs and duties were to service each car I was assigned to starting with a vehicle inspection, and reporting it back to the service writer and continue with the other task.
