2 years of experience, looking to develop technical skills in electromechanical maintenance.

Authorized to work in the US for any employer

Work Experience

CNC Machinist level 2

Tecomet - Gunbarrel, CO

January 2020 to Present

Operating CNC mills and lathes to produce medical devices in a contract manufacturing and production environment. Have gotten time to put my metrology certificate to good use here in the QA department.

CNC Machinist

Research Electro-Optics - Boulder, CO

January 2018 to January 2019

Operated 1 to 4 dual spindle CNC polishing machines. Helping to conduct R&D to hold exacting ISO and MIL specs on optics. I was encouraged to think creatively on solving problems with little material data to reference.

Safety Representative

BreezeThru Carwash - Longmont, CO

December 2017 to February 2018

I was a leader for my fellow employees, and the maintenance team. I lead meetings at all Breeze Thru locations, educating coworkers on safety practice and procedures. I provided excellent customer service skills and was an exemplary employee.

Caregiver

Public Partnerships LLC - Longmont, CO

April 2016 to October 2016

I trained as a Clinical Nurse's Aid (CNA) in High School at the Longmont CDC and I was able to put those skills into practice with a private client at a disability community assisted living residence. I truly loved this job and was sorry to leave. I learned how to make a deep connection with my clients, and found a new way to love the work that I do, no matter what it is.

Courtesy Clerk / Cashier

Kroger - Longmont, CO

April 2013 to May 2014

Over the year I worked at King Soopers, I developed customer service skills and experience to help produce happy customers. I also performed a variety of physically demanding tasks such as pushing carts

and moving heavy items. I was also a regular closer and would clean the whole line of registers nightly. I also completed my senior year of High School that year, which I left with honors in leadership focus.
