Objectives

Licensed Physical Therapist Assistant focusing on compassionate and quality patient care with a wide array of experience in both inpatient and outpatient rehabilitation settings. Successfully managed plan of care for diverse orthopedic, athletic, pediatric, neurological, and acute care settings.

Clinical Experience

Pruitt Health Southwood

Skilled Nursing Facility

June 2021 – Present

- Manages a diverse caseload of 8-10 geriatric patients daily improving quality of life and ability to perform activities of daily living
- Collaborates with a multi-disciplinary team to create a comprehensive approach to patient care
- Integrates aquatic therapy with traditional land-based physical therapy to deliver specialized care

First Choice Physical Therapy

Outpatient Clinic

March 2020 – June 2021

- Helped develop research-based spinal stability and strengthening program, Spine Series 7, to effectively treat operative and non-operative spinal conditions
- Specialize in athletic rehabilitation treating collegiate and professional athletes for return to sport
- Managed a caseload of 16-18 patients daily ranging from typical post-operative to low functioning dependent patients
- Selected to participate in MVP sports rehabilitation program developed by leading DPTs in South Eastern United States

Ascension Sacred Heart Rehabilitation

Inpatient & Outpatient Care

July 2019 – January 2021

- Treated a diverse inpatient caseload in a hospital setting that included orthopedic, neurological, trauma, and cardiac patients
- Delivered outpatient pediatric care to patients ranging from infants with developmental defects to children and young teens with special needs
