Work Experience

Machine Operator

sparkfun - Boulder, CO

February 2020 to Present

- at sparkfun I operate on 5 different machines
- DEK machine its used to apply a paste solder on the boards
- pick and place machine it places all the parts on the boards
- selective solder it adds solder to parts that the pnp can not put on the boards
- AOI is a machine that checks if all the parts and value are correct
- wash is a machine that wash the flux that are on the boards because the flux would destroy the boards

Picker/Packer

amazon - Thornton, CO

May 2018 to April 2019

for a packer we would grad all the stock and place them inside theses robots that have bins on them and the picker is the opposite we would pull the inventory out from the bins to get them ready to be packaged.

Clerk/Cashier

King Soopers - Windsor, CO

August 2017 to August 2017

one of my least favorite jobs but not terrible I was a bagger I would place peoples items in bags and push karts back to the store, sometimes I would be a greeter and greet people as them came into the store.

Education

High school diploma in n/a

Rocky Mountain High School - Fort Collins, CO

February 2016 to May 2018

Skills

- Warehouse Experience
- Machining
- Assembly
