WORK EXPERIENCE

Delivery Driver

FedEx Ground - Rogers, MN - November 2016 to December 2016

Scan in the packages load the van get the turn by turns so I know where to deliver packages to. And scan the packages when I deliver to someone house.

mechanic

elk river ford - Elk River, MN - May 2014 to November 2016

Responsibilities

Change oil and filter. Rotate tires air pressure. Replace air filter and cabin filter if needed.

Also fix or replace tires. Inspection vehicles for damage or leaks that could make the vehicle have an issue down the road.

Accomplishments

To get customers vehicles . done on a timely matter so customers can be on their way and have no worries about their vehicle when they pick it up.

Skills Used

Use math every day so I don't put too much fluid in a vehicle.

Being able to communicate with the service writer so they can tell the customer what action they need to take to fix there vehicle.

Backroom Team Member

Target - Monticello, MN - March 2007 to May 2016

Responsibilities

I use PDA using RF applications to scan merchandise from the Shelf and put them on vehicles for the sales floor to work to the floor.

I also help check in vendors and scan them in.

I also use a walk-behind forklift to remove empty pallets and put them in a nice stack.

I also clean up the back room use the cardboard bailey machine.

Accomplishments

Getting the merchandise to the floor the empty locations for people to buy.

Skills Used

Working at a fast pace with urgency but also being safe and not getting hurt on the job. And being able to get along and work with other people.

EDUCATION
