1-224-399-6544 1-224-399-7345

I have experience in powder coating painting, break press machines, pick/pack, coil, welding, forklift and assembly line.. I also have experience in cooking, working on a register food prep. I'm a fast learner and I like to move up from one position to another I like to learn everything in the job.. I'm a great listener, communicator and fast learner. I'm bilingual. I also have experience in prepping of cell antennas and radios, color coding the jumpers.. Using drop box to upload pictures of decom of old antennas radios and modules with acid tags.. I also did a lot of driving up to 6 hours all in one day.. Picking up orders and driving equipment to our guys working on cell towers.. Email me if no answer on my phone please... I am forklift certified

Authorized to work in the US for any employer

Work Experience

Shipping and Receiving

ThermoFlex - Waukegan, IL

December 2017 to May 2018

I work in the shipping and receiving, unloading and loading trucks. I use scanners to move orders and to move from location to location.. I use the stand up forklift and the sit down. I also know how to use the scissor lift.

Warehouse/Driver Helper

Keytower llc - Skokie, IL

March 2016 to December 2017

My position was warehouse/ driver basically anything they needed I did it.. My job in the warehouse was to prepare antennas and radios to be set up so our climbers have there equipment ready for when they take there equipment to there sites to install... I would read the RETS of the anttenas to see if they we're good and color coding the jumpers.. Installing brackets and setting equipment by the doors to be ready to ship out to the sites.. I would also decom incoming old antennas and radios and take pictures entering it on a software called outbox and then sent it to T-Mobile to be taken back to the owners... I also did delivering parts and equipment to sites no matter what part of Illinois we we're working I would drive and take what they needed.. I also would do order pick ups we needed for our warehouse like wire, screws jumpers and antennas..

Kitchen Staff

Hooters - Gurnee, IL

August 2015 to January 2016

I work in the kitchen in the grill, I do expo, set up. I also do prep at Hooters.. I do inventory I do the prep sheet to see what we need to get done for the day.. I'm one of the main cooks there I trained everyone that comes in new.. I have great communication skills, great team worker and likes to get things done..

Painter

stack-On - Wauconda, IL

April 2010 to February 2015

Responsibilities

We make college lockers, safes, gun cabinets. We weld them and I'm responsible on painting all the parts we make.. I weld, paint, break press, and coil.. We do everything in the company.. I also drive the forklift I'm not certified but I have experience in forklift with the company. I'm very responsible and a team worker. Fast learner and I also do picker/packer. I also did assembly and I have used a air gun. So I basically learned how to work in every department at this company.

Accomplishments

I learn how to powder coat paint. I have never done that before is an experience that I loved that I learned.. Learned to work with my hands a lot specially in coil. I have learned a lot from this position. I have experience in warehouse it's my number one job experience.

Skills Used

The skills that I demonstrated at this job was my team work my hard work. And how fast I learn new jobs.. My forklift skills and my machine operator skills my bilingual skills also because they have a lot of tempts working there and I translate for them when needed.

Quality Control Inspector

Bright Star - Vernon Hills, IL

August 2001 to April 2009

Responsibilities

I started as a bar scanner. This place was a cellular company where we would check on the phones to see if they function and scan there bar codes and pack them and shipped them out. I went from a scanner to a quality inspector to a team lead at the company.... I also did assembly.

Accomplishments

I learned how to work with team members and to work with cell phones.. I moved up on positions at the company because of my fast learning and my accomplishments my hard working. I learned so much learned how to work with computers also..

Skills Used

I used my bilingual skills my computer skills I learned from school not a lot of people knew how to use them.. My packing skills and my team work skills also.. I'm a hard working person I like to move up in my job sites don't like to be only in one area I like to learn everything there is to learn..

Education
