

Aensley Scherger

970-844-9065. [acscherger@gmail.com](mailto:acscherger@gmail.com)

I am a dedicated, detail oriented worker who is great at completing tasks, prioritizing, and following through to achieve goals.

## Work Experience

### **Catholic Charities Larimer County –Residential Case manager / Senior Services Outreach Case Manager**

*September 2018- April 2019, Supervisor- Gwen Stephenson*

As a Residential Case Manager, I managed 30 residents in our extended stay program. I met with each client on a weekly basis. I used basic counseling skills, documented their progress, and assisted them in reaching their goals. I helped clients in housing searches, job searches, and referred clients to our partnering organizations. I worked with individuals who have substance abuse issues, severe mental illness, and various criminal backgrounds. I have deescalated individuals in crisis, and advocated for those who were unable to advocate for themselves. Overall, I have developed great working relationships with clients, staff members and community partners.

*April 2018- September 2018, Supervisor-Dustin Barrington*

Senior Services Case manager

I worked very closely with a Social Security Attorney to help clients obtain their benefits. I partnered with other resources within the community to get my clients into assisted living facilities or other forms of housing. I maintained a case load of 35 clients, some consisting of chronically homeless individuals, as well as seniors who were home bound.

### **Elwood Staffing Fort Collins**

*February 2012 – Present, Supervisor- Stephanie Mattoon*

Over the past five years, I have undertaken an array of short-term work assignments for a multitude of organizations including: Otter Products, Prosci- Change Management, BW Container Systems and Noosa Yoghurt. I have adapted to each environment and brought forth exceptional communication, organizational, and people skills.

Some of my duties included greeting clients and customers, answering and transferring calls, filing and organizing, ordering office and kitchen supplies, data entry, scheduling meetings, making appointments, and planning company picnics and events.

**Amerimax Building Products - Data Entry/ Customer Service Representative**

Loveland, Colorado

*May 2015 – February 2016, Supervisor- Ryan Paul*

As a "data entry CSR", I processed orders for custom vinyl windows and doors into a software system. I worked with Microsoft Excel, Word and Office. In addition, I communicated with different departments in multiple states regarding shipments and deliveries.
