I am a high energy, positive employee. I Would consider myself a people person, I work well in groups. I'm friendly, patient and enjoy public interaction. I try to keep a clean and inviting work environment. I strive on positive feedback and enjoy finding ways to improve. If I am unsure on how to accomplish a task, I am willing to learn. I follow directions I am given, and believe it is important to stay task and fully focused. I hope I can become a new member of your team. Thank you for considering my application, and look forward to hearing from you.
