WORK EXPERIENCE

Air Comm Corporation Westminster, Colorado November, 2014 - May, 2019
Production Technician

- Air Comm is a world leader in manufacturing and supplying Military, Police, Air Medevac and Private Companies with heating and air conditioning systems for helicopters and fixed-wing Aircraft.
- Built components from start to finish utilizing engineering drawings while adhering to strict company quality control standards as well as industry ISO/AS9100 quality standards.
- Prioritizing component builds to meet strict deadlines and ensure on time delivery to our customers.
- Worked directly with our Engineering Department to build and troubleshoot prototypes for research and development
- Helped train new employees in build techniques, reading engineering drawings and using quantum control software.
- Responsible for the Production Department's inventory of consumables and safety equipment. Worked closely with purchasing to ensure the production floor had the materials needed to ensure uninterrupted product flow.
- Member of the company Health and Wellness Team, where I helped coordinate volunteer and company events, and personally oversaw Bonfils blood drives and fundraising events for the Special Olympics.

Air Comm Corporation Westminster, Colorado May 2011 - November 2014
Warehouse Training Lead

- Responsible for training all incoming warehouse employees, as well as providing continuing guidance as employees took on new responsibilities.
- Responsible for preparing inventory for cycle counting into a new inventory control system, Component Controls' Quantum.
- Responsible for maintaining a separate R&D Warehouse, and transferring all new inventory into Quantum Control. Ensuring Engineering had access to new parts while conforming to strict FAA inventory control requirements.
- Oversaw the transfer of all inventory to a new facility, ensuring production had access to parts during the move.
- Other Duties included kit packing, filling spares orders, stocking and shipping.

Rocky Mountain Machine Gun Shoots Westminster, Colorado March 2008 - 2010
Vice President, Event Coordinator, Head of Security

- Coordinated a biannual public shooting event with local Law Enforcement, Fire Department and Landowners.
- Responsible for ensuring the security and safety of over 2,500 attendees, Vendors and Staff.

Kohl's Department Store Lakewood, Colorado November 2007 - October 2009
Housewares Sales Associate

- Worked in the Housewares Department, assisted customers, unloaded trucks, stocked all departments.

A1 Golf Carts Chandler, Arizona January 2005 - August 2007
Mechanic

- Rebuilt two and four stroke engines. Custom built high performance carts to customer specifications.

- Refurbished electric golf carts to like new condition for sale on the showroom floor.
- Performed routine maintenance on customer carts, including troubleshooting problems based on customer input.

U.S. ARMY Fort Carson, Colorado Springs, Colorado November 2001 - November 2004

- Assigned to 1-12 Infantry, 3rd Brigade Combat Team, 4th Infantry Division.
- Deployed to Iraq in support of Operation Iraqi Freedom from 2003 - 2004.

EDUCATION

Colorado School of Trades Lakewood, Colorado August 2007 - October 2008

- Studied Gunsmithing, which included proficiency with a mill and lathe, precision tool making, stockmaking, welding, and diagnosing and repairing customer firearms.
- Graduated with a Associates Degree in Gunsmithing Science.
