Work Experience

Food Production Worker

Ornua-Byron, MN

August 2021 to September 2024

Read and interpret blend sheets to determine needed ingredients for work order.

Unpackage and inspect raw product for processing.

Bring raw product into work area with pallet jack/forklift

Measure correct weights of product for specs. For order, and record accurately what was sent.

Maintain safe a clean workspace per osha and FDA guidelines

Palletizing finished product per specs.

Assist other workareas with duties as needed.

Meat Processor/Grinder

Rochester Meat Company-Rochester, MN

November 2019 to December 2022

operate both pallet jacks and forklifts as I move meat from cooler/freezer to our work area. Read work order to determine necessary weights needed to create desired product. physically maneuver 60 lb blocks of pre-processed meat for mixing with fresh meat to produce quality ground beef.

I track and record identification numbers of pallets from inventory through use of the company's computer system.

Trouble shooting has been essential for ensuring completion of orders successfully.

Maintaining a clean and safe work area up to OSHA and FDA standards.

Server/Cook

Bakers Square-Rochester, MN

October 2015 to May 2016

working as a server I learned to multi-task while being mindful of the need to please a customer even during peak hours where work conditions were often chaotic. Remaining poised, working well with a team, and taking pride in performing well were all essential to success in this position.

Server/Host

Denny's-Rochester, MN

February 2011 to March 2016

Waiting on customers efficiently to provide a great dining experience.

Assisting other servers in delivering meals from kitchen to table.
