

**Daniel Carter Evans.**

80581  
**20 S-Gay Drive. Longmont, Colorado, 80505. (Hm) 720-652-9720  
(CI) 303-667-0724**

**Summary**

Highly motivated individual seeking a laborer / Apprentice position which Offers advancement opportunity. Proven ability to contribute toward improved Efficiency and quality. Strong professional commitment. Solid work ethic. Honest, open-minded, goal oriented.

**Experience**

First year Electrical Apprentice. CDKelco, Inc. 700 Automation Dr. Unit H, Windsor, Co. 80550. May 2003 to Aug 2003. Reason for leaving, the death of my Father-in-law.

Worked as a general laborer and apprentice. I helped in trenching and digging tasks for outside temporary electrical services, outside light poles, and other minor lighting projects.

Indoor projects included general clean-up of the job site, minor layout projects, conduit bending and fitting, attaching fixtures, pulling wire, pig tailing outlets, installing light fixtures, ETC... This job was none Union, but heavy safety and OSHA classes were provided.

Wireman, layout and Design tech, Warehouse and inventory control,

Spiral Designs / Digital solar technologies. Boulder, Colorado. May 1995 to present.

Work as part of a five-man team responsible for the manufacture of Solar Control systems. The hybrid photovoltaic system controller automates the Power flow of the system to properly charge / discharge the batteries and Provide power to the load equipment.

\* Would schedule production and execute said tasks in a timely manner.

- \* Would work directly with Engineers on control and power wiring Assemblies, layout and manufacture.
- \* Would Q.C. All phases of said manufacture before testing, and after.

Materials Handler, Sweet & Company. Boulder, Colorado. February 1992 -1995.

Work as part of a three person team responsible for fabrication and Production of printed circuit board prototypes. Work encompasses; layout Drilling, electrolysis, photography, inspection, plating, etching, packaging, In addition, shipping.

- \* Improved drilling time by 20 to 25%.

- \* Complemented by clients for fast, quality turnaround.

CNC Journeyman Machinist / Compact Cell Leader. H.P.S Corporation, Boulder Colo  
April 1985-September -1991

Scheduled and executed production of vacuum components for diverse Industries. Assisted in computer programming and troubleshooting.

- \* Initiated the use of Cell manufacturing concepts, which significantly Improved run times and product quality.
- \* Revised, and streamlined, and documented manufacturing procedure.

## **EDUCATION**

- \* Credits towards A.S. in engineering, Front Range Community Collage, Westminster, Colorado. 1988 - 1990.
- \* Graduated from Boulder High School in 1984.
- \* Certificate in Machine Trades, Boulder Valley Technical Educational Center. 1984.

**I would like to thank you for your time in reviewing this resume, and employment application . I know that Time can be tight , and that you are after the most qualified people you can find. I do have a good basic knowledge, and do possess some good A/C wiring skills....so in the future if your looking for a good worker please give me a call.**

Sincerely,

*David Evans*
