## WORK EXPERIENCE

### **Solar Installer**

Novel - Rochester, MN - August 2014 to Present

#### Responsibilities

Start by boring holes in the ground. Place platform over hole, insert 20 ft I-beam into platform and level off I-beam by using laser level. Once I-beams are level pour concrete into holes. After concrete has set connect arms to the I-beam setting them to a 30 degree angle then set perlans across the arms. Then you place solar panels on the perlans making sure to level them all along the way as to not skew the second row on top.

#### Accomplishments

We have cut the normal construction time of a site from months to weeks having to problem solve many issues on site.

#### Skills Used

Problem solving, hand tools, math, measuring

### **Line Technician**

Hayfield Window and Door - Hayfield, MN - May 2014 to August 2014

#### Responsibilities

Tasks change daily as needed. Mainly cutting out window frames and making sure they arrive to the right area.

#### Accomplishments

I was able to complete 350 window frames in a 10 hr day.

#### Skills Used

Calculations. Reading a tape measure.

### **Sales Associate/EasyTech Associate**

Staples - Austin, MN - September 2013 to May 2014

#### Responsibilities

I assist customers to find the correct product they are searching for. Once they are satisfied I bring them to the register to be rung up. I take in computers to be serviced at our EasyTech work bench. Assist in sorting and putting out new freight each week.

#### Accomplishments

Selling mass quantities of laptops each day.

#### Skills Used

Leadership to make for a happier customer.

### **General Labor**

Matt Stephen Flooring - Dover, MN - September 2010 to November 2011

I would bring work materials to and from work. Clean and prepare work area before tile could be placed. Make tile cuts so they would fit space. Prepare working materials.

**General Labor**

Gebhardt Farms, Waltham, MN - Waltham, MN - March 2009 to July 2009

Prepair farm vehicles for days work. Heavy lifting. Feed and water animals. Clean out sheds and clean up office space.

**General Labor**

Affordable Buttons - Rochester, MN - June 2007 to July 2008

Produce pin-back buttons in mass quantity and with general speed. Create and Magnetize large logo magnets. Package buttons and magnets after complete and send them to the customer via UPS.

**EDUCATION**

Hayfield High School - Hayfield, MN  
2004 to 2009
