Employment History

Best Buy

SWAT Product Flow Specialist

Grand Rapids, Michigan

August 2021 – Present

- A Best Buy SWAT Product Flow Specialist ensures inventory integrity in the store through a variety of inventory adjustments and data collection tools. The SWAT Product Flow Specialist consistently and accurately completes and communicates stock count. They identify, determine, and communicate high shrink categories. After identifying the root cause of replenishment issues, they follow up with leadership until the problem is resolved.

Meijer

Inventory Coordinator

Grand Haven, Michigan

April 2021 – August 2021

- Maintained proper inventory counts throughout the Grocery department of a Meijer store. Directed team members to stock heavily shopped areas. Assisted customers to fulfill all their shopping needs.

Lowe's

Merchandise Service Associate

Holland, Michigan

September 2020 – March 2021

- Set planograms throughout a Lowe's retail store. Maintain a clean, safe, and shoppable experience through the various areas of the store. Assisting customers daily to fulfill their shopping needs.

Glassource

Machine Operator

Grand Haven, Michigan

January 2020 – April 2020

- Operate machinery designed to cut and shape glass products per customer standards, follow ship-by dates and sorting product, and quality checking glass per company standards.

Best Buy

Project Team Specialist

Western Michigan

September 2018 – January 2020

- Ensure the successful transformation of Best Buy stores in the Western Michigan area, setting planograms to 100% accuracy and best preparing stores for customer shopping. Ensure functionality on all new displays set throughout stores and maintain functionality on existing displays.

Best Buy

Merchandising Specialist

Muskegon, Michigan

July 2017 – September 2018

- Set and ensured 100% accuracy of all planograms throughout the sales floor of a Best Buy store. Maintained functionality on various displays, allowing customers a positive and interactive experience. Worked with both merchandising employees and sales associates to improve general look and feel throughout the entire store.
