Objective

- I am a young and very determined individual. Would love to learn and grow with this amazing industry.

Education

- general education I received my high school diploma
(2004 - 2009)
Ohio high school

- I studied business management and advertising, with some marketing
(August 2011 - March 2012)
svcc

Experience

- picture me inc. (June 7 2011 - January 1 2012)
While I worked at the studio I was in charge of acquisitioning new clients, while interacting with the customer. I took family, senior, newborn pictures which started me to do photography for my free time. Editing pictures and upselling was a must.

- Rayovac (January 1 2012 - may 2 2012)
Mainly I packed batteries and made boxes up for shipping. This job allowed me to have an eye for detail. Rework and quality assurance was a must.

- L.w Schneider inc. (May 2 2012 - current)
I am currently working as a Swiss Cnc machinist. Right now I am making .022 and .223 rifles and bolts. I run regular maintenance on 5 Swiss lathe machines. I do regular tool changes and make offsets to get the parts in tolerance, I an able to use cmm and computers this job gets down to tenth of thousandths.

Skills

- computer literate, hard worker, smart, willing to learn, dependable, responsible

Achievements

- employee of month (2011)
I up sold the most packages from picture me! 1000 in 3 sessions
